

Republic of the Philippines
Department of Transportation
LAND TRANSPORTATION FRANCHISING AND REGULATORY BOARD
East Avenue, Diliman, Quezon City

RESOLUTION NO. 145 Series of 2021
(re: Renewal of Accreditation of AZTECH SOLUTION INT'L CORP.
as Transportation Network Company)

WHEREAS, on 22 July 2021, the Board issued Resolution No. 087, series of 2021 directing the Pre-Accreditation Committee (PAC) to evaluate and review not only the documentary requirements set forth under Memorandum Circular No. 2015-015A but also the financial and operational performance of the Transport Network Companies (TNC) applying for renewal of its Certificate of Accreditation, such as:

1. Established physical office and number of employed full time employees;
2. Data of number of Accredited TNVS since the start of its operation, in relation to its role in providing public service;
3. Complaints filed against the TNC, and its manner of responding to said complaints;
4. Proof of financial capability of the TNC, as a going concern entity.

WHEREAS, stated also in the Resolution No. 87, s. 2021 that failure of the TNC to comply with the requirements set forth under Memorandum Circular No. 2015-015-A and Board Resolution No. 87, s. 2021 shall be a ground for the Denial of renewal of Certificate of Accreditation;

WHEREAS, in compliance to the directive of the Board, on 28 July 2021, the Pre-Accreditation Committee issued Resolution No. 089, series of 2021 directing all existing TNCs with pending Application for Renewal of Accreditation to comply with the submission of documents as required under Board Resolution No. 087, series of 2021, fifteen (15) days from receipt of the Notice of the Resolution;

WHEREAS, aside from posting the Board Resolution No. 087 and PAC Resolution No. 089 in the official website of the LTFRB, an email was also sent on 6 August 2021 to TNCs with pending Application for Renewal of Accreditation, including herein Applicant;

WHEREAS, herein Applicant acknowledged receipt of the Resolutions thru email on 10 August 2021, and submitted compliance on 20 August 2021;

WHEREAS, after due evaluation of the documents submitted, the following have been observed:

1. Instead of submitting proof or evidence of established physical office and number of employed full time employees, Applicant provided only an address of its office. As regards the number of employees, it mentioned only "7 employees" instead of giving the names of its employees and corresponding payroll, SSS, Philhealth, taxes withheld from salaries, etc.

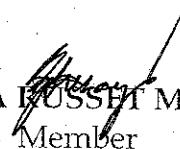

2. Instead of submitting proof of existence of data of number of accredited TNVS, it provided only number of "514" TNVS partners without the corresponding names of said partners.
3. On the complaints filed against them, Applicant provided an answer "None". It is highly improbable that a TNC operating since December 2018 will have no complaints received from the commuting public. This gives an impression to the PAC that herein applicant has no actual and operational complaint mechanism, as required under Memorandum Circular No. 2015-015A.
4. Instead of submitting proof of financial capability, like audited financial statement or Bank Certifications, Applicant provided only a proforma Statement of Financial Capability.

WHEREAS, recognizing the role of the Transport Network Companies in the effective monitoring of operation of Transport Network Vehicles and Taxis, it is imperative upon the Board to carefully look into the company profile of the Applicant TNC to ensure not only the safety and convenience of the commuting public but also its capability to assume the responsibilities as a TNC;

NOW THEREFORE, for and in consideration of the foregoing, the Pre-Accreditation Committee hereby recommends to the Board to **DENY** the Application for Renewal of Accreditation of Aztech Solution Int'l. Corp. for failure to submit sufficient proof to warrant the approval of its Application, without prejudice on the part of herein applicant to re-apply once the moratorium on the acceptance of Application for TNC Accreditation is lifted, in accordance with the parameters as may be set by the Board.

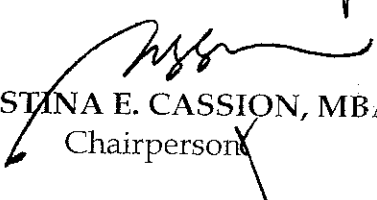

RECOMMENDED and SIGNED by the undersigned Chairman and Members of the Pre-Accreditation Committee, this 06 DEC 2021 of October 2021 at Quezon City, Philippines.
